

ACTA PÆDIATRICA

an International Journal of Paediatrics

Due to erratic pagination of the last four issues of the 2002 volume, all page references also include an issue reference, viz. [issue] 1:[page]7

CHIEF EDITOR

R Zetterström, MD, Stockholm

HONORARY EDITOR

CG Bergstrand, MD, Stockholm

ASSOCIATE EDITORS

M Blennow, MD, Stockholm; T Foucard, MD, Uppsala; M Hallman, MD, Oulu;
L Holmberg, MD, Lund; H Lagercrantz, Stockholm; H Lou, MD, Copenhagen; M Ritzén, MD, Stockholm;

BOOK REVIEW EDITOR

J Winberg, Stockholm

EDITORIAL ASSISTANTS

C Andersson, Stockholm;
A-C Lundgren, Stockholm
M Munkert Karnros, Stockholm

EDITORIAL COMMITTEE

S Auricchio, Naples, Italy; H Bard, Montreal, Canada; J Bellanti, Washington, D.C., USA;
S Chemtop, Montreal, Canada; S Halvorsen, Oslo, Norway; O Hernell, Umeå, Sweden; E Leventhal, Jerusalem, Israel;
B Lippe, Los Angeles, California, USA; S Marret, Rouen, France; O Mehls, Heidelberg, Germany;
EA Mitchell, Auckland, New Zealand; M Ranke, Tübingen, Germany; PA Rydellius, Stockholm, Sweden;
N Räihä, Malmö, Sweden; OD Saugstad, Oslo, Norway; PO Schiøtz, Aarhus, Denmark; G Sedin, Uppsala, Sweden;
N Skakkebaek, Copenhagen, Denmark; B Trollfors, Göteborg, Sweden; L de Vries, Utrecht, The Netherlands;
L von Wendt, Helsinki, Finland; B Wharton, London, UK; A Whitelaw, Bristol, UK

Contents

EDITORIAL		
10:1020	Bibliometric data: a disaster for many non-American biomedical journals <i>R Zetterström</i>	3:263 Smoking in pregnancy and fetal growth (See also article by Mitchell EA et al. in this issue, pp 323–328) <i>JL Peacock</i>
12:1279	Kostmann disease – infantile genetic agranulocytosis: historical views and new aspects <i>R Zetterström</i>	3:265 Challenges in child and adolescent quality of life research (See also article by Loonen HJ et al. in this issue, pp 348–354) <i>HM Koot</i>
VIEWPOINT		
8:863	Prevention of mother-to-child transmission of HIV: reflections on implementation of PMTCT in the developing world (see also article by Bland R et al. and Commentary by Greiner T in the June issue, pp 704–711 and 615–616) <i>C Wilfert</i>	4:365 Adolescent self-care: the two sides of the coin (see also article by Pommier et al. in this issue, pp 466–474) <i>P-A Michaud</i>
REVIEW ARTICLES		
1:1	Child health in an urbanizing world <i>M Gracey</i>	4:367 Illness Severity Measures in Neonatal Intensive Care (see also article by Sutton et al. in this issue, pp 415–423 and 424–429) <i>N Marlow</i>
1:9	Brain damage markers in children. Neurobiological and clinical aspects <i>A Leviton and O Damman</i>	4:369 Indomethacin: continuous vs. bolus administration (see also article by Christmann et al. in this issue, pp 440–446) <i>RB Cotton</i>
3:255	Progressive nature of aspartylglucosaminuria (AGU) <i>P Arvio and M Arvio</i>	4:370 Is rapid surfactant analysis at birth feasible in the diagnostics of respiratory distress syndrome? (see also article by Fiori et al. published in the December issue, pp 1402–1404) <i>M Hallman</i>
5:491	Unexplained infant crying: an evolutionary perspective <i>MA Hofer</i>	4:373 Towards a molecular basis for intraventricular haemorrhage: nitric oxide and impaired cerebral autoregulation (see also article by Bel et al. published in this issue, pp 434–439) <i>A Whitelaw</i>
COMMENTARY		
1:14	Child Health in an urbanized world (see also article by Gracey M in this issue, pp 1–8) <i>B Wharton</i>	4:374 Transjugular intrahepatic portosystemic shunt (see also article by Lee et al published in the November issue, pp 1352–1355) <i>W Cwikiel</i>
1:16	Coeliac families (see also article by Sandberg S et al. in this issue, pp 30–33) <i>L Greco and R Troncone</i>	5:497 Suprapubic aspiration of urine in diagnosis of urinary tract infection in infants (See also article by Chu RWP et al. in this issue, pp 512–516) <i>U Jodal</i>
1:17	Is lactate a reliable indicator of tissue hypoxia in the neonatal period? (see also article by Fauchère J-C et al. in this issue, pp 78–81) <i>OD Saugstad</i>	5:499 Coronary artery size in Kawasaki disease. Echocardiographic definition of normal coronary artery size (see also article by Zhang T et al. in this issue, pp 517–520) <i>H Katayama</i>
2:117	Antimicrobial susceptibility of <i>Haemophilus influenzae</i> from children in Beijing (See also article by Hu Y et al. in this issue, pp 136–140) <i>S Cuthill</i>	5:500 Epinephrine treatment in hypotensive newborns (see also article by Heckmann M et al. in this issue, pp 566–570) <i>AM Weindling</i>
3:258	Breast-feeding and IQ: Evaluation of the socioenvironmental confounders (See also article by Rao M et al. in this issue, pp 267–274) <i>SW Jacobson and JL Jacobson</i>	5:502 Beyond education and food: Psychosocial wellbeing of orphans in Africa (see also article by Grantham-McGregor SM et al. in this April issue, pp 459–465) <i>G Foster</i>
3:260	Increased inspiratory effort in infants with a history of apparent life threatening events (See also article by Horemuzova E et al. in this issue, pp 280–286) <i>M Samuels</i>	
3:262	No indications of increased quiet sleep in infants who receive care based on the Newborn Individualized Care and Assessment Program (NIDCAP) (See also article by Westrup B et al. in this issue, pp 318–322) <i>A Ohlsson</i>	

- 5:505 Home visitation: from sanitary control to support of the young family
(See also article by Jansson A et al. in this issue, pp 571–577)
S Jansson
- 6:615 Research on HIV and breastfeeding: definitions can make all the difference
(see also article by Bland et al. in this issue, pp 704–711)
T Greiner
- 7:735 Pain management in French neonatal intensive care units
(See also article by Debillon T et al. in this issue, pp. 822–826)
J Schollin
- 7:737 Thrifty genotypes and phenotypes in the pathogenesis of early-onset obesity
(See also article by Johansson-Kark M et al. in this issue, pp. 827–832)
C-E Flodmark
- 8:866 Treatment of sleep problems in small children
(see also article by Eckerberg B in this issue, pp 952–959)
K Minde
- 8:867 Excessive fluid intake before and during delivery causing water intoxication in the mother and her offspring
(see also article by Johansson S et al. in the July issue, pp 811–814)
R Zetterström
- 9:891 Preventing obesity: the breast milk–leptin connection
(see also article by Savino F et al. in this issue, pp. 897–902)
R Locke
- 9:894 Treatment of children with cystic fibrosis: central, local or both?
(see also article by van Koolwijk LME et al. in this issue, pp. 972–977)
A Smyth
- 9:895 Urge incontinence and voiding postponement in children: somatic and psychosocial factors
(see also article by Lettgren B et al. in this issue, pp. 978–984)
K Hjälmås
- 10:1025 Time to drop 'specific' in 'specific language impairment'
M Ors (see also article by Fernell E et al. in this issue, pp. 1108–1115)
- 10:1027 Prognosis of very-low-birthweight babies: destiny or lottery?
G Greisen (see also article by Eriksson M et al. in this issue, pp. 1093–1100)
- 10:1028 Amplitude-integrated electroencephalogram in newborn infants for clinical and research purposes
L Hellström-Westas and I Rosén (see also article by Groenendaal F et al. in this issue, pp. 1073–1077)
- 11:1147 Does farming provide protection from asthma and allergy?
(See also article by Remes ST et al. in this issue pp. 1163–1169)
L Bråbäck
- 11:1149 Multifoetal pregnancy and prematurity – the costs of assisted reproduction
(See also article by Maayan-Metzger A et al. in this issue pp. 1208–1211)
G Greisen
- 11:1150 Adult outcome following neonatal cardiopulmonary resuscitation
(See also article by Kjellman I et al. pp. 1212–1217 and Viggedal G et al. pp. 1218–1226 in this issue)
CMT Robertson
- 11:1153 Health care for children in foster and residential care
(See also article by Oliván G in this issue pp. 1274–1275)
A Hjern and B Vinnerljung
- 12:1282 Growth charts for breastfed babies
(See also article by Cole TJ et al. in this issue pp. 1296–1300)
AF Williams
- 12:1283 'At risk' waistlines
(See also article by Moreno LA et al. in this issue pp. 1307–1312)
EME Poskitt
- 12:1285 The cognitive outcome of very preterm children: how to interpret results
(See also article by Gabrielson J et al. in this issue pp. 1373–1380)
I Krägeloh-Mann
- 12:1287 Extended mother-infant skin-to-skin contact and prospect of breastfeeding
(See also article by Mikiel-Kostyra K et al. in this issue pp. 1301–1306)
S McGrath and JH. Kennell
- 12:1289 Well-presented first information supports parents' ability to cope with a chronically ill or disabled child
(See also article by Hedov G et al. in this issue pp. 1344–1349)
A Taanila
- 12:1291 The joy of having a child with Down syndrome
(See also article by Hedov G et al. in this issue pp. 1344–1349)
G Latini
- 12:1293 Delayed disclosure by victims of child sexual abuse: An important topic for study
(See also article by Sjöberg R and Lindblad F in this issue pp. 1393–1398)
HG Pope, Jr.
- ORIGINAL ARTICLES
- 1:20 Different quantities and quality of fat in milk products given to young children: effects on long chain polyunsaturated fatty acids and trans fatty acids in plasma
JCE Svahn, F Feldt, NCR Räihä, B Koletzko and IEM Axelsson
- 1:30 Coeliac disease is associated with intrauterine growth and neonatal infections
S Sandberg Bennich, G Dahlquist and B Källén
- 1:34 Tissue transglutaminase autoantibodies and human leucocyte antigen in Down's syndrome patients with coeliac disease
D Agardh, A Nilsson, A Carlsson, I Kockum, Å Lernmark and S-A Ivarsson

- 1:39 Nature and extent of the gastric lesions in symptomatic Chilean children with *Helicobacter pylori*-associated gastritis
E Guiraldes, A Peña, I Duarte, X Triviño, M Schultz, F Larrain, MN Espinosa and P Harris
- 1:45 Faecal calprotectin levels in infants with infantile colic, healthy infants, children with inflammatory bowel disease, children with recurrent abdominal pain and healthy children
E Olafsdottir, L Aksnes, G Fluge and A Berstad
- 1:51 Folic acid supplementation on red kidney bean-induced diarrhoea and enteric bacterial translocation into mesenteric lymph nodes in rats: a pilot study
R Shoda, D Mahalanabis, KNIslam, MAWahed and MJAlbert
- 1:55 Antibiotic treatment for five days is effective in children with acute cystitis
K Abrahamsson, S Hansson, P Larsson and U Jodal
- 1:59 *Rickettsia typhi* infection in childhood
M Bitsori, E Galanakis, A Gikas, E Scoulica and S Sbyrakis
- 1:62 Visceral childhood leishmaniasis in Turkey
M Totan, A Dagdemir, A Muslu and D Albayrak
- 1:65 Cardiopulmonary exercise parameters in children with atrial septal defect and increased pulmonary blood flow: short term effects of defect closure
JP Pfammatter, M Zanolari and A Schibler
- 1:71 Craniofacial morphology in preschool children with sleep-related breathing disorder and hypertrophy of tonsils
S Kawashima, T Peltomäki, H Sakata, K Mori, R-P Happonen and O Rönning
- 2:119 Randomised double-blind controlled trial on the effects on iron status in the first year between a no added iron and standard infant formula received for 3 months
DP Tuthill, M Cosgrove, F Dunstan, ML Stuart, JCK Wells and DP Davies
- 2:125 Cardiovascular responses to submaximal treadmill running in 11 to 13 year olds
N Armstrong and JR Welsman
- 2:132 Inadequate leptin level negatively affects body fat loss during a weight reduction program for childhood obesity
EM del Giudice, N Santoro, A Marotta, B Nobili, R. Di Toro and L Perrone
- 2:136 Antimicrobial susceptibility of *Haemophilus influenzae* among children in Beijing, China, 1999–2000
YY Hu, SJ Yu, G Liu, W Gao and YH Yang
- 2:141 Use of lactose H2 breath test to monitor mucosal healing in coeliac disease
MS Murphy, M Sood and T Johnson
- 2:145 Inflammatory bowel disease in mother or father and neonatal outcome
JF Ludvigsson and J Ludvigsson
- 2:152 Positive experiences and the relationship between stress and asthma in children
S Sandberg, DC McCann, S Ahola, H Oja, James Y Paton and D McGuinness
- 2:159 Determinants of correct inhalation technique in children attending a hospital-based asthma clinic
AWA Kamps, PLP Brand and R J Roorda
- 2:164 Alteration of biochemical profiles after high-dose intravenous immunoglobulin administration in Kawasaki disease
KY Lee, JW Han, JS Lee and KT Whang
- 2:168 Factor V 1691 G-A mutations in children with intracardiac thrombosis: a prospective study
S Atalay, N Akar, HE Tutar and E Yilmaz
- 2:172 Hypothalamo-pituitary hypothyroidism detected by neonatal screening for congenital hypothyroidism using measurement of thyroid-stimulating-hormone and thyroxine
Y Asakura, A Tachibana, M Adachi, S Suwa and Y Yamagami
- 3:267 Effect of breastfeeding on cognitive development of infants born small for gestational age
MR Rao, ML Hediger, RJ Levine, AB Naficy and T Vik
- 3:275 Does breastfeeding protect against allergic rhinitis during childhood? A meta-analysis of prospective studies
AM Bloch, D Mimouni, M. Mimouni and M Gdalevich
- 3:280 Increased inspiratory effort in infants with a history of apparent life threatening event
E Horemuzova, M Katz-Salamon and J Milerad
- 3:287 Lumbar bone mineral density in normal subjects aged 3–6 years: a prospective study
P Arikoski, J Komulainen, R Voutilainen, L Kröger and H. Kröger
- 3:292 Randomized controlled study of digestive enzyme activity following trophic feeding
RJ McClure and SJ Newell
- 3:297 Coeliac disease in children and adolescents with type 1 diabetes: a study of growth, glycaemic control, and experiences of families
T Saukkonen, S Väisänen, HK Åkerblom and E Savilahti
- 3:303 Septicaemia due to glucose non-fermenting, gram-negative bacilli other than *Pseudomonas aeruginosa* in children
S Ladhani and W Gransden
- 3:307 Bradycardic response during submersion in infant swimming
E Goksör, L Rosengren and G Wennergren
- 3:313 Seizures in pediatric Chiari type I malformation: the role of single photon emission computed tomography
P Iannetti, A Spalice, C De Felice Ciccoli, O Bruni, A Festa and CL Maini
- 4:376 Children's fluid intake during diarrhoea: a comparison of questionnaire responses with data from observations
K Zaman, DA Sack, J Chakraborty, M Yunus, AH Baqui and RE Black
- 4:383 Effectiveness and tolerability of ibuprofen-arginine versus paracetamol in children with fever of likely infectious origin
CF Nadal, MJ García de Miguel, AG Campdera, JP Fernández, GA Calatayud and MS Bayle

- 4:391 Early prediction of neurological sequelae or death after bacterial meningitis
R Oostenbrink, KGM Moons, G Derksen-Lubsen, D Grobbee and HA Moll
- 4:399 Central airways stenosis in school-aged children: differential diagnosis from asthma
O Linna, K Hyrynkangas, P Lanning and P Nieminen
- 4:403 Effect of two aerobic training regimens on the cardiorespiratory response of prepubertal boys and girls
S Mandigout, A Melin, AM Lecoq, D Courteix and P Obert
- 4:409 Psychomotor development in preschool children exposed to antiepileptic drugs in utero
K Wide, E Henning, T Tomson and B Winbladh
- 5:507 Plasma total homocysteine increases from day 20–40 in breast-fed but not formula-fed low-birth weight infants
M Rebecca Fokkema, HA Woltij, CM van Beusekom, A Schaafsma, DAJ Dijk-Brouwer and FAJ Muskiet
- 5:512 Comparing suprapubic urine aspiration under real-time ultrasound guidance with conventional blind aspiration
RWP Chu, YC Wong, SH Luk and SN. Wong
- 5:517 Factors relating to the cardiac sequelae of Kawasaki disease 1 month after initial onset
T Zhang, H Yanagawa, I Oki and Y Nakamura
- 5:521 Preschool children with developmental coordination disorder: a short-term follow-up of motor status at seven to eight years of age
M Pless, M Carlsson, C Sundelin and K Persson
- 5:529 Comorbidity in children with severe developmental language disability
M Westerlund, L Bergkvist, D Lagerberg and C Sundelin
- 5:535 Screening for fragile X syndrome: results from a school for mentally retarded children
S Hecimovic, IP Tarnik, I Baric, Z Cakarun and K Pavelic
- 5:540 Multiple doses of secretin in the treatment of autism: a controlled study
E Sponheim, G Oftedal and SB Helverschou
- 6:617 Norms for grip strength in children aged 4–16 years
C Häger-Ross and B Rösblad
- 6:626 Influence of leptin levels and body weight in survival of children with sepsis
A Blanco-Quirós, J Casado-Flores, E Arranz, JA Garrote, J Asensio and A Pérez
- 6:632 Different proinflammatory reactions in fatal and non-fatal enterovirus 71 infections: implications for early recognition and therapy
T-Y Lin, L-Y Chang, Y-C Huang, K-H Hsu, C-H Chiu and K-D Yang
- 6:636 A longitudinal cohort study on the prevalence of *Helicobacter pylori* antibodies in Swedish children and adolescents
A Granquist, A Bredberg, T Sveger and I Axelsson
- 6:641 Heart rate variations in five-months-old children during interactions in a controlled environment
H Montagner, P Deliac, J-P Bordes, M Cazenave and C Bensch
- 6:649 Quantitative evaluation of the changes in plasma concentrations of cardiac natriuretic peptide before and after transcatheter closure of atrial septal defect
H Muta, M Ishii, Y Maeno, T Akagi and H Kato
- 6:653 Effect of oral potassium supplementation on QT dispersion in anorexia nervosa
F Franzoni, E Mataloni, R Femia and F Galetta
- 6:657 Is coeliac disease prevalent among adolescent psychiatric patients?
P Pynnönen, E Isometsä, V Aalberg, M Verkasalo and E Savilahti
- 6:660 Acute and postoperative pain in children: a Swedish nationwide survey
M Karlö, M Renström and G Ljungman
- 6:667 Primary ciliary dyskinesia: age at diagnosis and symptom history
ME Coren, M Meeks, I Morrison, RM Buchdahl and A Bush
- 7:739 Swedish population-based longitudinal reference values from birth to 18 years of age for height, weight and head circumference
K Albertsson-Wikland, ZC Luo, A Niklasson and J Karlberg
- 7:755 Body composition, as assessed by bioelectric impedance spectroscopy and dual-energy X-ray absorptiometry in a healthy pediatric population
H Fors, L Gellander, R Bjarnason, K Albertsson-Wikland and I Bosaeus
- 7:761 Calcium, iron and zinc availability from weaning meals
D Bosscher, R van Cauwenbergh, JC van der Auwera, H Robberecht and H Deelstra
- 7:769 Prospective population-based study on rotavirus disease in Germany
B Ehlen, B Laubereau, W Karmaus, G Petersen, A Rohwedder, J Forster and The RoMoD Study Group
- 7:776 Dynamics of progression markers in a non-study population of human immunodeficiency virus-1 vertically infected infants with different antiretroviral treatments
S Resino, JM Bellón, MD Gurbindo, JT Ramos, JA Leon and MA Muñoz-Fernández
- 7:783 Characteristic profile of intestinal microflora in Kawasaki disease
S Takeshita, I Kobayashi, Y Kawamura, T Tokutomi and I Sekine
- 7:789 Lung function and asthma symptoms in children: relationships and response to treatment
AD Mitra, SA Ogsion, A Crighton and S Mukhopadhyay
- 7:793 Antioxidant effect of β -carotene in cystic fibrosis and bronchiectasis: clinical and laboratory parameters of a pilot study
N Çobanoğlu, U Özcelik, A Gücmen, N Kiper and D Dogru
- 7:799 Cardiovascular changes in children with mucopolysaccharide disorders
UR Mohan, AA Hay, MA Cleary, JE Wraith and RG Patel

- 7:805 Phenylalanine hydroxylase mutations and phenylalanine-tyrosine metabolism in heterozygotes for phenylalanine hydroxylase deficiency
E Verduci, E Riva, C Agostoni, S Leviti, A Fiori, AM Lammardo, ML Biondi and M Giovannini
- 8:869 Sidestream end-tidal capnometry as related to infant's position and maturation
A. Kugelman, A Bilker, D Bader, A Cohen and E Tirosh
- 8:874 Effect of different types of feeding on fatty acid composition of erythrocyte membrane lipids in full-term infants
H Minda, S Molnár, I Burus and T Decsi
- 8:882 Decline of maternal hepatitis A virus antibody levels in infants
A De Silvestri, MA Avanzini, V Terulla, S Zucca, F Polatti and C Belloni
- 8:885 Anogenital bacteriology in non-abused preschool children: a descriptive study of the aerobic genital flora and the isolation of anogenital *Gardnerella vaginalis*
AK Myhre, LS Bevanger, K Berntzen and D Bratlid
- 8:892 Non-classical 21-hydroxylase deficiency in children: association of adrenocorticotrophic hormone-stimulated 17-hydroxyprogesterone with the risk of compound heterozygosity with severe mutations
B Ezquieta, E Cueva, J Varela, A Oliver, J Fernández and C Jariego
- 8:899 New approach to osteopenia in phenylketonuric patients
B Pérez-Dueñas, FJ Cambra, MA Vilaseca, N Lambruschini, J Campistol and JA Camacho
- 8:905 Homocysteine and other vascular risk factors in patients with Phenylketonuria on a diet
KH Schulpis, GA Karikas and ED Papakonstantinou
- 8:910 Inhibitors in the Swedish population with severe haemophilia A and B: a 20-year survey
KE Knobe, E Sjörin, LI Tengborn, P Petrini and R Ljung
- 8:915 Neutrophil regeneration precedes healing of tissue destruction, as indicated by serum C-reactive protein, in children with cancer recovering from neutropenic fever
K Vetteranta, L Hovi, A Mäkiperna, H Jalanko and UM Saarinen-Pihkala
- 8:920 Oral versus rectal midazolam as a pre-anaesthetic sedative in children receiving dental treatment under general anaesthesia
B Jensen and L Matsson
- 9:897 Leptin levels in breast-fed and formula fed infants
F Savino, M Costamagna, A Prino, R. Oggero and L Silvestro
- 9:903 Fasting levels of serum glucose, cholesterol and triglyceride at age eleven to twelve years in stunted and non-stunted Jamaican children
F Bennett, SP Walker, P Gaskin and C Powell
- 9:909 Efficacy and safety of a home-made non-valved spacer for bronchodilator therapy in acute asthma
MC Duarte and PAM Camargos
- 9:914 Association of cytokine responses with disease severity in infants with respiratory syncytial virus infection
Z Chen, J Mao, L Du and Y Tang
- 9:923 Plasma homocysteine and lipoprotein (a) levels as a risk factors for atherosclerotic vascular disease in epileptic children taking anticonvulsants
L Tümer, A Serdaroglu, A Hasanoglu, G Biberoglu and E Aksoy
- 10:1031 Whole-body mineral measurements in Swedish adolescents at 17 years compared to 15 years of age
L-E Bratteby, G Samuelson, B Sandhagen, H Mallmin, H Lantz and L Sjöström
- 10:1039 Gender-specific effects of apolipoprotein E genotype on plasma lipid levels in a population-based sample of 6-7-year-old children in Spain
C Garcés, M Benavente, M Angel Lasunción, H Ortega, G Nájera and M de Oya
- 10:1044 Diagnostic accuracy of the atopy patch test and the skin-prick test for the diagnosis of food allergy in young children with atopic eczema/dermatitis syndrome
L Strömberg
- 10:1050 Antigranulocyte monoclonal antibody immunoscintigraphy in inflammatory bowel disease in children and young adolescents
I Bruno, S Martellosi, O Geatti, G Maggiore, P Guastalla, M Povolato and A Ventura
- 10:1056 Remission of thrombotic thrombocytopenic purpura in a patient with compound heterozygous deficiency of von Willebrand factor-cleaving protease by infusion of solvent/detergent plasma
K Kentouche, U Budde, D Furlan, V Scharfe, R Schneppenheim and F Zintl
- 10:1060 Are substitutions in the first hypervariable region of the mitochondrial DNA displacement-loop in sudden infant death syndrome due to maternal inheritance?
M Arnestad, SH Opdal, MA Musse, A Vege and T Rognum
- 10:1065 Oral mannose therapy persistently corrects the severe clinical symptoms and biochemical abnormalities of phosphomannose isomerase deficiency
HK Harms, K-P Zimmer, K Kurnik, R-M Bertele-Harms, S Weidinger and K Reiter
- 11:1155 Effects of gender, apolipoprotein E phenotype and cholesterol-lowering by plant stanol esters in children. The STRIP study
A Tammi, T Rönnemaa, A Miettinen, H Gylling, L Rask-Nissilä, J Viikari, J Tuominen, J Marniemi and O Simell
- 11:1163 Does heredity modify the association between farming and allergy in children?
ST Remes, J Pekkanen, L Soininen, M Kajosaari, T Husman and A Koivikko
- 11:1170 Recurrent pneumonia in children: clinical profile and underlying causes.
R Lodha, M Puranik, UCM Natchu and SK Kabra
- 11:1174 Surfactant improves oxygenation in infants and children with pneumonia and acute respiratory distress syndrome
E Herting, O. Möller, J-H Schiffmann and B Robertson

- 11:1179 Differential diagnosis and clinical course of autoimmune neutropenia in infancy: comparison with congenital neutropenia
S Taniuchi, M Masuda, M Hasui, S Tsuji, H Takahashi and Y Kobayashi
- 11:1183 Soluble forms of the selectin family in children with Kawasaki disease: prediction for coronary artery lesions
J Furui, M Ishii, H Ikeda, H Muta, K Egami, Y Sugahara, W Himeno, T Akagi, H Kato and T Matsushima
- 12:1296 Weight reference charts for British long-term breastfed infants
TJ Cole, AA Paul and RG Whitehead
- 12:1301 Effect of early skin-to-skin contact after delivery on duration of breastfeeding: a prospective cohort study
K Mikiel-Kostyra, J Mazur and I Boltrusko
- 12:1307 Waist circumference for the screening of the metabolic syndrome in children
LA Moreno, I Pineda, G Rodríguez, J Fleta, A Sarria and M Bueno
- 12:1313 Lipoprotein(a) as a potent risk indicator for early cardiovascular disease
A Dirisamer and K Widhalm
- 12:1318 Abnormal heart rate response to hypercapnia in boys with apparent life-threatening event
A Edner, M Ericson, J Milerad and M Katz-Salamon
- 12:1324 Free sialic acid storage (Salla) disease in Sweden
A Erikson, N Aula, P Aula and J-E Månsson
- 12:1328 Supplementary oxygen and risk of childhood lymphatic leukaemia
E Naumburg, R Bellocchio, S Cnattingius, A Jonzon and A Ekblom
- 12:1334 Rhinitis in 10-year-old children and early life risk factors for its development
SH Arshad, R Kurukulaaratchy, M Fenn, L Waterhouse and S Matthews
- 12:1339 Measurement error associated with spinal mobility measures in children with and without low-back pain
MA Jones, G Stratton, T Reilly and VB Unnithan
- 1:78 NEONATAL MEDICINE
Agreement between capillary and arterial lactate in the newborn
J-C Fauchère, AS Bauschatz, R Arlettaz, U Zimmerman-Bär and HU Bucher
- 2:178 Working together: neonatal nurse practitioners in practice
ME Redshaw and ME Harvey
- 2:184 How clinicians in neonatal care see the introduction of neonatal nurse practitioners
ME Redshaw and ME Harvey
- 2:188 Metabolic effects in neonates receiving intravenous medium-chain triglycerides
G Angsten, M Boberg, G Cederblad, S Meurling and H Stiernström
- 2:198 Risk factors for invasive fungal infection in neonates
F El-Masry, TJ Neal and NV Subhedar
- 2:203 A new transcutaneous bilirubinometer, BiliCheck, used in the neonatal intensive care unit and the maternity ward
F Ebbesen, LM Rasmussen and PD Wimberley
- 2:212 Early versus late treatment of posthaemorrhagic ventricular dilatation: results of a retrospective study from five neonatal intensive care units in The Netherlands
LS de Vries, KD Liem, K van Dijk, BJ Smit, KJ Rademaker and AWD Gavilanes
